# ARTIST IN RESIDENCE + WORKSHOPS

EVERTON PARK STATE HIGH SCHOOL

Local street artist, Sarah Sculley is available for a number of street art workshops during the school terms. She is happy to work within the current school curriculum and within available time frames.

Sarah is a full time artist and graphic designer and has over 20 years of experience in the creative industries and experience teaching as a sessional academic at local universities.

She has lived and worked as an artist in China, UK and USA and is now residing on the Sunshine Coast. She specialises in murals, stencil style large scale artworks and typography.

## SCHOOLS //

# ARTIST IN RESIDENCE + WORKSHOPS

## FAQS //

### Why are the spray paints, heads and safety gear provided by the artist?

This gives Sarah the opportunity to bring a large range of colours, spray can brands and caps to the workshops for the students to use. High quality cans are often difficult to source.

Purchasing gas masks can be a big expense for schools. Sarah has a number of high quality masks that are sanitised and re-used. If you wish to use the schools paints and safety gear you are more than welcome.

### How safe are the workshops?

Safety is the priority for all workshops. Gas masks and gloves are supplied with every workshop when spray paints are used. Box cutters are counted in and out and clear instructions are given around cutter safety.

### Can we break the workshops down over several days or weeks?

Of course. I can work within your timetable and modules.

### Do you have a breakdown of exactly what each workshop involves?

Yes. Send Sarah an email/phone on the details below for an indepth workshop outline including all supplies, outcomes and presentation slides.

### Our school would like to book the Mural Workshop but we'd like input into the mural the students paint?

Once the Mural Workshop has been booked, Sarah will arrange a meeting two weeks out from the workshop date to take a brief on the mural design and to view the wall being painted. Part of the student workshop is to create a mural proof (based on the schools brief) to be signed off by the school prior to painting.

### Do we need to pay a deposit and how do we book a workshop?

For mural workshops, a 50% deposit is require when booking the workshop. This is to cover the cost of paints and materials. To book simply contact Sarah Sculley on the contact details below.

### What happens if there is a Covid lockdown?

We can postpone the workshop to a later date. If the workshop needs to be cancelled and no materials have been purchased and no design time has been spent on the project, the full deposit can be returned.
